

## Phases of monitoring and evaluation:

- **Problem formulation**
  - disadvantaged groups such as working-class persons with limited schooling, women, migrants and residents of rural areas lack sufficient access to the public sphere.
  
- **Overall objective META**
  - to strengthen media competence / media literacy / digital skills, and to improve participants' facility in self expression and their access to the public sphere.
  
  
  
  
  
  
  
  
  
  
- Action → Training course as instrument
  
- Monitoring → Measuring on key indicators
  
- Evaluation → Determining whether targets, initially set, are met
  
  
- Problem solved?
  - No** → back to problem formulation
  - Yes** → finished
