## VIA SUMMER SCHOOL 2026

---

# Join VIA Summer School and experience Denmark in August

Each year, students from all over the world join VIA Summer School to study in the cities of Aarhus and Viborg. This year, we offer two different courses focusing on sustainability and entrepreneurship in Aarhus, along with two animation courses in Viborg. We look forward to welcoming you!

### Why VIA Summer School?

VIA University College offers short-term courses in the summer to fit your personal and academic interests. Our teaching approach is hands-on, meaning that you get out of the classroom and use what you learn in real life. We also offer a social programme for you to experience Aarhus and get to know other summer school students.

I met a lot of different people, different cultures, different nationalities, different ways of doing things. That was a nice change from my usual day to day life back in Germany.

Edwin Bold – VIA Summer School 2025 participant

Below, you can find our offers for summer 2026.

- United Nations' 17 Sustainable Development Goals and Co-Creation (Aarhus)
- Deep Dive into Entrepreneurship (Aarhus)
- Comic Tools (Viborg)
- Toon Boom Harmony 2D Animation (Viborg)

As a student of one of our partner institutions, tuition is free for the summer schools in Aarhus, if you can provide a credit transfer. Deadline is 1 April 2026 for the courses in Aarhus and 1 May for the Viborg courses.
